

Interview Summary

Capsizing of the Charter Fishing Vessel TAKI TOOO at Tillamook Bar On March 23, 2005

Witness: Sharon Davis
Former Co-owner, with Husband Douglas R. Davis, of Garibaldi
Charters and Davis Fisheries

Date: March 23, 2005

Location: Telephone from NTSB office

Persons present: W. R. Woody, NTSB

Statement in response to Questioning:

Informed Mrs. Davis that we had noticed three items in Captain Davis's health record that referred to:

1. Change to less costly medications
2. Financial assistance
3. Indigent form

Could she let us know why the captain was seeking less costly medications, assistance, and what was the indigent form about?

Mrs. Davis stated that she and Captain Davis (Doug) both had blue cross for health coverage, and that Doug also had sought extra coverage for prescription drugs under a program offered by some drug companies through the doctor's office. Acquiring the additional coverage involved submitting a completed form to the respective drug company through the doctor's office. She assumed that the term "indigent form" might be the name of the form.
